## GrooveToons - iPod Nano Speaker & Alarm Clock

The **GrooveToons** (\$59) alarm clock from [Cygnett](#) lets you wake up to your favourite tracks from your iPod Nano.

It features a snooze button and adjustable volume, and both the alarm function and the clock will automatically show up on your Nano once you dock it with GrooveToons.

Your MP3 player will charge when it sits in the dock and you'll be able to see the current time on your backlit iPod screen.

Available colors: black, blue, green, pink and silver.
