

Product Specifications

Name	ChargeFold 3-in-1 Magnetic Wireless Charging Stand (25W)
Item Number	CY6082CFWIR
Input (s)	5.0V=3.0A, 9.0V=3.0A, 12.0V=3.0A, 15.0V=3.0A (Max 45.0W)
Output	Wireless Output 1: 5.0W/7.5W/10.0W/15.0W/25.0W Max. Wireless Output 2: 3.0W Max. Wireless Output 3: 2.0W Max.
Total Output (1, 2 & 3)	30.0W Max

Input Specifications

Input 5.0V-3.0A (15.0W)	Wireless total output 5.0W Max, cooling fan activates
Input 9.0V-3.0A (27.0W)	Wireless total output 10.0W Max, cooling fan activates
Input 12.0V-3.0A (36.0W)	Wireless total output 15.0W Max, cooling fan activates
Input 15.0V-3.0A (45.0W)	Wireless total output 30.0W Max. After 15-20 minutes, the limiting total output drops to 15.0W max, the cooling fan will keep operating at all times.

Caution

Please read all warnings for your safety and optimal user experience. Please read and follow these instructions carefully and retain for your records.

1. Do not disassemble or throw into fire or water.
2. Do not expose to extreme weather conditions.
3. Do not use this product if you observe visible defects.
4. Do not short circuit the product or store it in a receptacle where it may be short circuited by other metallic or conductive objects.
5. Do not operate the product if it has been wet or otherwise damaged, to prevent against electric shock, explosion and/or injury.
6. Never attempt to dismantle the unit.

7. Children should be supervised to ensure that they do not play with the product.
8. Do not use if broken, damaged, or exposed to liquids.
9. Not to be used in extremely high ambient temperatures.
10. Do not use with damaged or faulty accessories.
11. Do not place near any sources of heat, open flame, or liquid.
12. Do not place close to a magnetic strip or strip card as it could cause magnetic failure.
13. Please keep charger a safe distance of at least 80cm from any implantable medical devices to avoid medical device interference.
14. In the case of the device overheating, place disconnect immediately.

User Manual

- A 25.0W Wireless Charging Pad Output
- B Apple Watch Puck Output
- C Earbuds Charging Output
- D Heat dissipation hole
- E TEC – Thermal Electric Cooling Fan
- F LED Indicator Light
- G USB-C Input

Installation Instructions

Charge Your Device Wirelessly

Connect the included USB-C cable into a 45W wall charger (not supplied), and the other end to the USB-C input (G). Place your enabled MagSafe wireless phone on the magnetic wireless output (A). Your Apple Watch on output (B) and Wireless Earbuds on output (C). Your devices should begin to wirelessly charge.

To achieve fast 25W charging, ensure the wireless charge base is connected to a minimum 45W wall charger. Ensure your devices are aligned to the centre of the wireless charging pads as required. For your wireless earbuds, ensure any case on your device is not affecting the wireless charging. If required remove the case, as some cases may interfere with wireless charging if they contain metallic material or are overly thick.

Indicator Light	Status
Solid Blue	Powered on while charging smartphone, blue light will not appear on until smart phone begins charging
Flashing Green/ Blue	Foreign object on wireless output (C) detected

When the wireless charger plugs into a power adapter, the wireless indicator light will flash blue and green alternately 3 times before turning off and entering standby mode.

When the wireless earbuds and watch are charging, no LED indicator light will appear on. A blue light will appear when the cooling fan is turned on and whilst your phone is wirelessly charging and will remain on until fully charged. The blue LED light will not appear on until smart phone begins charging and LED light will then turn off once fully charged.

CAUTION:

The ChargeFold 3-in-1 Magnetic Wireless Charger uses inductive charging, do not place metallic objects such as coins, keys, metallic cases or metal foil on top of the charging pad.
