Charge Your Device Wirelessly

Connect the included USB-C cable into a 45W wall charger (not supplied), and the other end to the USB-C input (E). Place your wireless charging device on the magnetic wireless output (A), your wireless earbuds on wireless output (B). Your devices should begin to wirelessly charge.

To achieve optimum fast charging, ensure the wireless charge base is connected to a 45W wall charger. For optimum charge speed, adjust your device so that it is aligned to the centre of the wireless charging pad. Ensure any case on your device is not affecting the wireless charging.
